Final CIQ document ZZT-NT2-N1

Final release by ZZT Supplier Nacht (fictional) · generated 21 Oct 2026, 22:20 CEST

Material (trade name): ZZT NightGlow Ester (fictional)
Main INCI: Caprylic/Capric Triglyceride
BDF material no.: ZZT-NT2-N1-RM
Supplier: ZZT Nachttest Chemie GmbH (fictional) – Zürich “Ä” · DUNS
Manufacturer: ZZT Nachttest Chemie GmbH (fictional) – Zürich “Ä”
Production site: —
Target markets: European Union, USA
Questionnaire · rule set: ZZT-TPL-NT · ZZT-RS-NT
Case owner (RMM): ZZT RMM Nacht (fictional)
Case started · released: 21 Oct 2026, 21:06 CEST · 21 Oct 2026, 22:20 CEST

Metadata answers (SF-01 to SF-12, they set the scope)

SF-01 What is the origin of the components?: Not answered
SF-03 Does the raw material contain polymers or meet the REACH polymer definition?: Not answered
SF-04 Is the material a UV filter?: Not answered
SF-05 Is the material a colorant or a preservative?: Not answered
SF-06 Is fermentation involved, or are GMOs involved?: Not answered
SF-07 Is the material mineral-oil based or a hydrocarbon?: Not answered
SF-08 Is any feedstock palm-based (palm or palm kernel oil)?: Not answered
SF-09 Is the raw material in scope of the EU Deforestation Regulation (EUDR)?: Not answered
SF-10 Is Brazilian genetic heritage involved?: Not answered
SF-02 Are there additional production sites?: Not answered
SF-12 Is microbiological testing of the raw material required?: Not answered
SF-11 Target markets of the raw material: European Union, USA — Set by Beiersdorf at case start

1. Released answers by section

General information (Mandatory)

Trade name of the raw material: ZZT NightGlow Ester (fictional)
Supplier (name): ZZT Nachttest Chemie GmbH (fictional) – Zürich “Ä”

K1 · Mandatory documents (Mandatory)

Answered with documents only. No document provided.

K2.1 · Components and additives (Mandatory)

See the composition in part 2.

K2.2 · Byproducts and contaminations (Mandatory)

Answered with documents only. No document provided.

K2.3 · Source or type of starting materials (Mandatory)

Answered with documents only. No document provided.

K3 · Storage conditions and handling (Mandatory)

Answered with documents only. No document provided.

K4.1 · Toxicity data (Mandatory)

Answered with documents only. No document provided.

K4.2 · Environmental effects (Mandatory)

Answered with documents only. No document provided.

K5.1 · Microbiological test (Mandatory)

Answered with documents only. No document provided.

K5.2 · Total microbial count (Mandatory)

Answered with documents only. No document provided.

K5.3 · Antimicrobial treatment (Mandatory)

Answered with documents only. No document provided.

K6.1 · EU REACH (Mandatory)

Answered with documents only. No document provided.

K6.4 · Chemical inventory listings (Mandatory)

Answered with documents only. No document provided.

K6.5 · Reg. 1223/2009 Annexes III–VI (Mandatory)

Answered with documents only. No document provided.

K6.6 · Ingredients Art. 19(g) / Annex III (Mandatory)
Answered with documents only. No document provided.

K6.7 · Animal testing (Art. 11(2)(e)) (Mandatory)
Answered with documents only. No document provided.

K6.8 · Halal and kosher status (Optional)
Answered with documents only. No document provided.

K6.9 · Nanomaterials (Mandatory)
Answered with documents only. No document provided.

K6.10 · Listing in pharmacopeia (Mandatory)
Answered with documents only. No document provided.

K6.11 · Listing as food additive (Mandatory)
Answered with documents only. No document provided.

K6.12 · GMP compliance and ISO certification (Mandatory)
Answered with documents only. No document provided.

K6.14 · California Proposition 65 (Mandatory)
Answered with documents only. No document provided.

K6.16 · Biodiversity laws (Mandatory)
Answered with documents only. No document provided.

K7 · Customs and foreign trade (Mandatory)
Answered with documents only. No document provided.

K8 · Patent (Mandatory)
Answered with documents only. No document provided.

K8.1 · Additional patent information (Optional)
Answered with documents only. No document provided.

Annex 10 · EU REACH (per substance) (Mandatory)
Answered with documents only. No document provided.

Annex 13 · Chemical inventories (Mandatory)
Answered with documents only. No document provided.

2. Composition (K2.1)

1. Tocopherol · CAS 59-02-9 · EC — · function undefined · origin undefined · additive No · undefined–undefined %

3. Evidence

No documents were uploaded.

4. Open points, round by round

ZZT-NT2-N1-OP-RMM · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 21:15 CEST · Accepted

Round 1
ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 21:15 CEST
ZZT night question R2 for RMM (fictional): please add the CoA

ZZT-NT2-N1-OP-MIC · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 21:24 CEST · Accepted

Round 1
ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 21:24 CEST
ZZT night question R2 for MIC (fictional): please add the CoA

ZZT-NT2-N1-OP-RMM·2 · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 22:00 CEST · Accepted

Round 1
ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 22:00 CEST
ZZT night question R2 for RMM (fictional): please add the CoA

ZZT-NT2-N1-OP-RMM·3 · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 22:00 CEST · Accepted

Round 1
ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 22:00 CEST
ZZT night question R2 for RMM (fictional): please add the CoA

ZZT-NT2-N1-OP-MIC·2 · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 22:08 CEST · Accepted

Round 1

ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 22:08 CEST
ZZT night question R2 for MIC (fictional): please add the CoA

ZZT-NT2-N1-OP-MIC·3 · Query · General – Origin
Raised by ZZT RMM Nacht (fictional), 21 Oct 2026, 22:08 CEST · Accepted

Round 1

ZZT RMM Nacht (fictional) (Beiersdorf) · Raised · 21 Oct 2026, 22:08 CEST
ZZT night question R2 for MIC (fictional): please add the CoA

5. Confirmations

Completeness confirmation: ZZT Supplier Nacht (fictional) · Coordinator · zzt.supplier.night@example.com, 21 Oct 2026, 21:12 CEST — Completeness confirmation: data and documents provided from the supplier's point of view. Not a Beiersdorf approval.

Final release: ZZT Supplier Nacht (fictional) · Coordinator · zzt.supplier.night@example.com, 21 Oct 2026, 22:20 CEST — Final CIQ release: the information and evidence are correct and complete. The CIQ is frozen.

None of these confirmations is a raw-material approval.

Created automatically at the supplier's final release. It cannot be changed. Document seal b8f50dc59a8e8909: it confirms the document is unchanged since the final release. The SHA-256 of this PDF is filed on the case (Final Document Hash).
